The Last Dragon

drag on col lect ing skel et ons
speech less tight ly emp ty
ship ping Jef fer son sum mer

dragon collecting skeletons speechless tightly
empty shipping Jefferson summer

The dragon hung in the window of the Lung Fung Trading Company
on Jefferson Street collecting dust, cobwebs, and bug skeletons.
He was blind, speechless too, for his jaws had been wired tightly shut.
His only companions were his severed tail, two empty shipping crates,
and a jar of salted duck eggs. Far away from Jefferson Street,
Peter Chang had learned he would spend the summer
in Chinatown with Great Aunt.
