

Memory game

TLW read word cards.

TLW keep the cards if they match

TLW segment and blend words.

TLW choose three words and write a sentence for each.

Purpose: Today we are going to practice stretching, blending, and reading our words. Then we will pick 3 words and write sentences.

Phonological Warm-up: Students will repeat the word said by the teacher and stretch all the sounds.

Students will work with a partner and play the memory match game.

Place all the cards out face down. The first student picks two cards and reads each card. If the card is a match the student keeps the cards. The second student repeats the same process. The person with the most cards is the winner.

After all the cards are picked each student will choose 3 words and write a sentence for each.
