Me on the Map

This is me.	This is me	in my room.	This is a map
of my room.	This is me	on the map	of my room.
This is	my house.	This is a map	of my house.
This is	my room	on the map	of my house.
This is	my street.	This is a map	of my street.
This is	my house	on the map	of my street.
This is	my town.	This is a map	of my town.
This is	my street	on the map	of my town.
This is	my state.	This is a map	of my state.
This is	my town	on the map	of my state.

---

This is	my country.	The United States	of America.
This is	a map	of my country.	This is
my state	on the map	of my country.	This is
my world.	It is	called Earth.	It looks like
a giant ball.	If you could	unroll the world	and make it
flat...	it would look	something like this map	
of the world.	This is	my country	on the map
of the world.	So here's how	I find	my special place
on the map.	First I look	at the map	of the world
and find my country.	Then I look	at the map	
of my country	and find my state.	Then I look	at the map
of my state	and find my house.	Then I look	at the map
of my town	and find my street.	And on my street	
I find my house.	And in my house	I find my room.	
And in my room	I find me!	Just think...	in rooms,
in houses,	on streets,	in towns,	in countries,
all over the world,	everybody has	their own	special place
on the map.	Just like me.	Just like me	on the map.
